

110th ANNUAL MEETING

Washington Convention Center
Seattle, WA

#AACRAO2025

AACRAO Best of the Best Program: Frequently Asked Questions

The Best of the Best program creates an opportunity for state and regional organizations to give additional recognition to conference presenters by nominating outstanding sessions for the 110th AACRAO Annual Meeting.

Who can nominate a presentation?

AACRAO shares nomination information each year with the contact(s) from each state and regional AACRAO organization, PAC Chairs, and the greater AACRAO membership.

All AACRAO Members are free to nominate a session.

Can a presenter nominate themselves?

Yes.

How many presentations from each organization can be nominated?

There is no limit to the number that can be nominated, but we recommend 1-2 per state and regional organization.

What is the deadline to submit a nomination?

Nominations are due by 5:00 PM ET Friday, December 13, 2024.

When will the selection be made?

The Program Committee will review nominations and select up to three winning sessions immediately following the nomination deadline.

What type of presenter or presentation should be nominated?

The Program Committee will be looking for presentations on various topics but will give preference to topics that would not have otherwise been offered at the Annual Meeting. In addition, this is viewed as an opportunity to highlight those who have not attended or presented at the AACRAO Annual Meeting in the past.

What expenses will be covered for the presenter?

AACRAO will waive the registration fee for each presenter per presentation. Note that this does not include workshops or other special fees and may not be split among multiple attendees. Some state and regional organizations may choose to cover additional travel costs.

When, during the Annual Meeting, will the presentations be held?

The Program Committee will determine the assigned timeslot.

What is the session length for a presentation?

Each Best of the Best presentation timeslot is 50 minutes.
